

Harmony Referral Form Template - Genie

We are pleased to be able to provide a built-in template for Harmony request forms.

This means you can now access the Harmony form within Genie. At present, Genie can only auto-populate forms with patient information including LMP, height and weight, and doctor information.

Download the form from:

Special → Software Updates → Forms → Request → NIPT Request

Harmony Referral Form Template - Genie

4

In a patient file select the merged letter icon (circled) then open the Non-Invasive Prenatal test request template.

The screenshot shows the Genie software interface. On the left, a patient file for Mrs Betty Ackfield (04/09/1968) is open. A red circle highlights a merged letter icon in the top toolbar. On the right, a 'Letter Templates - 1 record to print' dialog box is open, listing various templates. The 'Non-Invasive Prenatal Test Request 2018' template is highlighted with a red box. The 'Open' button at the bottom of the dialog is also highlighted with a red box.

Editable Fields

The user can add text anywhere on the form by selected the text option (circled) and clicking on the form where they want to enter the details.

The screenshot shows the 'Custom Form Non-Invasive Prenatal Test Request 2018' form. A red circle highlights a text icon in the top toolbar. The form is titled 'Non-invasive Prenatal Test | Request Form' and includes fields for patient details, doctor information, and test options. The 'Text' icon in the toolbar is highlighted with a red circle.
